

ProSource Technology, Inc.

“Your Vision is our Mission”

A SDVOSB, VOSB, SDB, SLDBE, MBE

Capabilities Briefing

Dependable. Creative. Innovative.

Our Facts

- **ProSource - SDVOSB, MBE, DBE, SLDBE, SDB, 8(A) Pending**
- **Secret Facility Clearance**
- **Substantial Line of Credit and Bonding Capability**
- **Primary Office: Huntsville, AL**
- **Satellite Offices:**
 - **Los Angeles, CA**
- **DCAA Compliant Accounting System**
 - **Independent Audit Conducted by Decosimo Accountants**

Our Value-Added Approach

We accentuate the positive and drive home the Voice of The Customer into Every facet of our operations from the Shop Floor to the Board Room

- ✓ **You Come First – Your Vision is Our Mission!**
- ✓ **We are an efficient and cost-effective solution**
- ✓ **We are proactive and responsive**
- ✓ **We maintain site and corporate communication lines so that you can rest easy**

Core Capabilities

Current Performance:

USARC STAMIS

- PBUSE Operators

Ft. Huachuca DOL

- Quality/Safety
- QC/LSS Trainers

Afghanistan

- Civil Engineers
- Structural Engineers
- Electricians
- Master Plumbers
- Architects

Louisiana

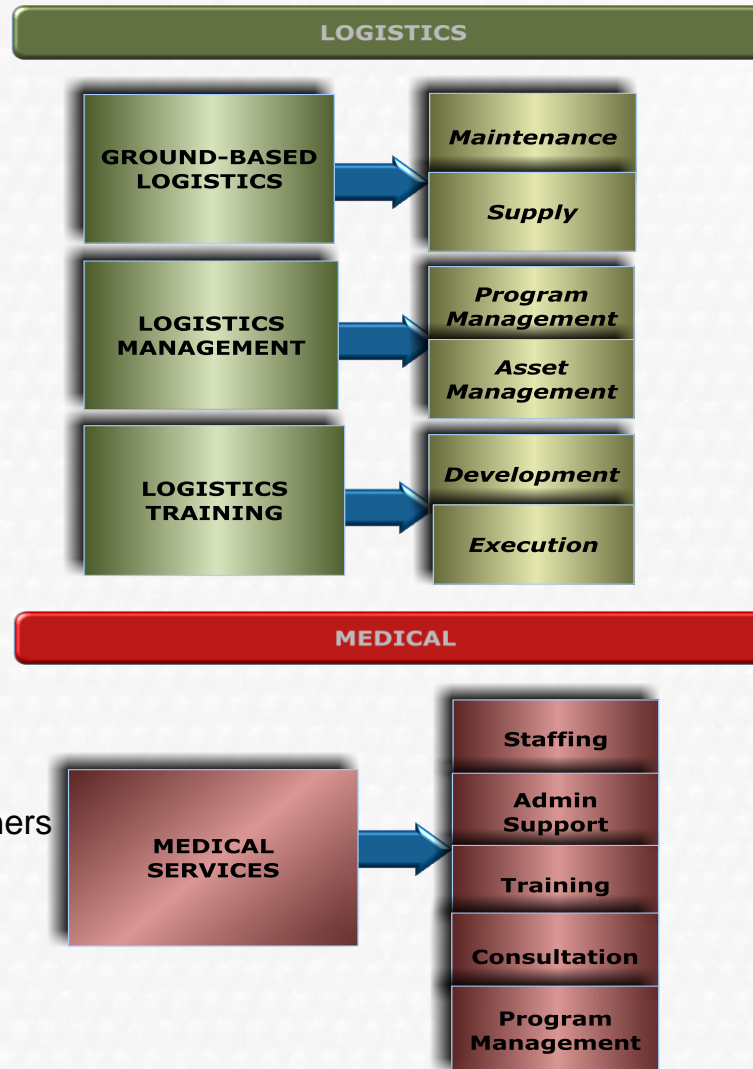

- Off-Shore Cooks/Deck Hands

Alabama

- Aviation Consulting/Training
- Social Workers
- HR/Administrators
- Janitorial Services
- Program Manager
- Ft. Rucker – Range Opns/Trainers

California

- Heavy Equip, Mechanics
- Maint. Contact Teams
- Fuels Services
- Prod. Control Clerks
- Supply Techs.
- Vehicle Inspectors

Current/ Past Performance:

Red River Army Depot DPW

- HVACs
- Boiler Tenders
- Boiler Instrument Mechanics
- Electricians
- Millwrights

Aviation Services

- Fuels
- Flight Planning Services
- Marketing
- Transient Alert Services
- Aircraft Maintenance
- Contract Flight Services

Tyndall AFB, Florida

Construction Inspectors

Savannah River NS

- Medical Trainer
- Safety Trainer

Ametek A&D

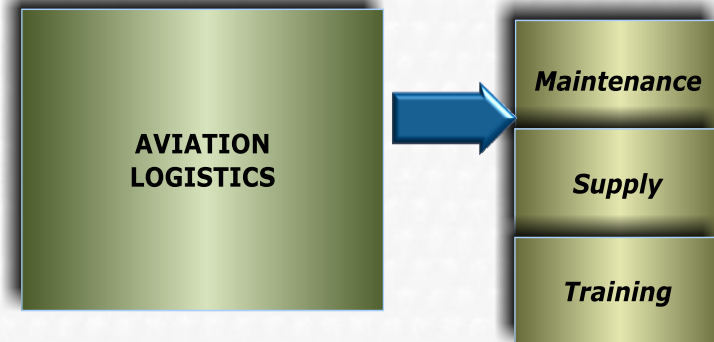

- Aircraft Parts Distribution/Sales

Njasah Enterprises

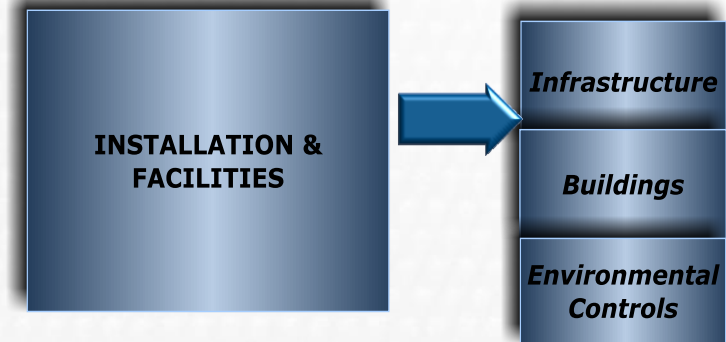

- Aircraft Parts Dist.& Sales

Core Capabilities – “Looking Forward”

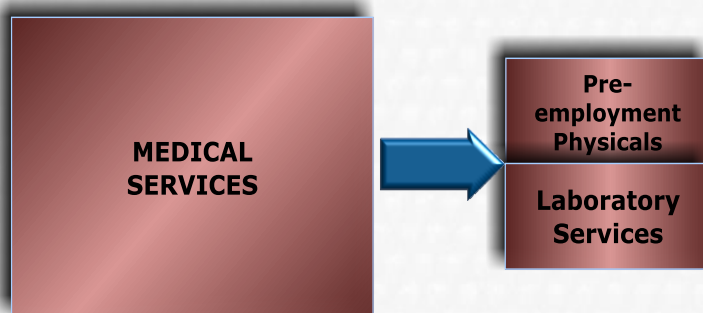

LOGISTICS

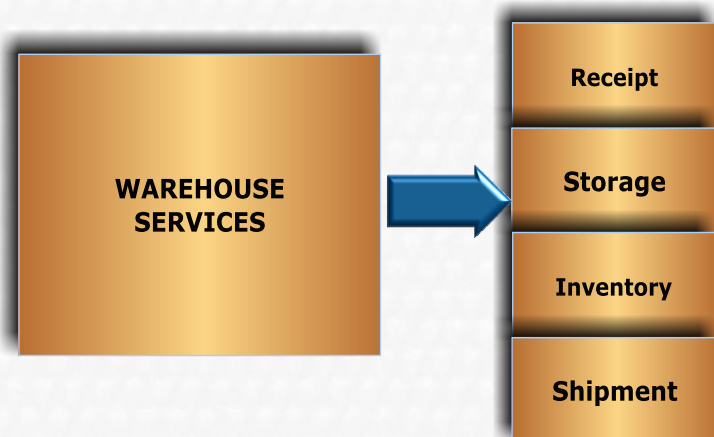

INSTALLATIONS

MEDICAL

WAREHOUSING

Key Services

**SDVOSB,SDB,
SLDBE,MBE**

➤ **Facility O&M:**

- Base Ops Services
- Logistics Services
- Warehousing
- Facilities Management
- **ENGINEERING**
- Architecture
- Civil Engineering
- Structural Engineering
- Mechanical Engineering
- Auto CADD Support
- Continuous Process Improvement Via Lean Six Sigma and TOC
- Computer Programming
- Network Engineering
- Software Engineering
- **TECHNICAL**
- Training
- Construction Inspection
- Offshore Oil Platform Staffing
- Plumbing Services
- Electrical Services
- HVAC Services
- Boiler Mechanical and Tendering
- Fuels (Ground & Aviation)
- Heavy and Wheeled Vehicle Maintenance
- Medical Staffing

➤ **Aviation Sppt:**

- Military Aircraft Sales Support
- Aircraft Fuels Sppt.
- Transient Alert
- Acft Parts Sales
- Program Solutions
- Engineering
- Field Rep. Support
- Acft Maintenance
- Training
- Airport Planning
- Airport Management
- Aircraft Safety
- Aircraft MRO

ENGINEERING SERVICES and SUPPORT

BASE OPERATIONS DESIGN SERVICES (CUSTOMER SITE or INTERNAL)

ProSource has experience with Forward Operating Base design and architectural design in Afghanistan

- Facility Design Documentation and Technical Data Support
- Telecom Engineering, Development, Programming, and Network Support
- Reliability, Maintainability, and Availability (RM&A) Support
- Human Factors, Performance, and Usability Engineering Support
- System Safety Engineering Support

FACILITIES CIVIL, STRUCTURAL, and MECHANICAL ENGINEERING SUPPORT

We provide high quality aircraft systems integration services to include:

- Utility systems management, operations and maintenance
- Installation equipment and heavy equipment maintenance
- Facilities engineering, including sustainment, renovation and repair
- Real property management and maintenance
- Environmental Services

ENGINEERING DESIGN AND QUALITY CONTROL

We participate in design reviews and construction follow-on services, including submittal reviews, during and after.

- HVAC Systems
- Condition Based Maintenance Systems
- Plumbing and Sewage Systems
- Electrical Systems

VEHICLE MAINTENANCE and SHOP SUPPORT

VEHICLE MAINTENANCE OPERATIONS

ProSource's vehicle maintenance operations includes conducting Property Book Operations, Vehicle Operations and Supporting Functions, Maintenance Management Support, Maintain Equipment Storage Site and Supporting Functions, equipment storage and warehouse operations, and property accountability operations involving AR unit equipment. Work site are located at ECS-171 (Yermo, California, Lenwood, and Barstow, California) supported by the RSC. Telecom Engineering, Development, Programming, and Network Support

Unique to our sites:

- New Equipment Training Team
- Mobile Vehicle Servicing
- Vehicle and Generator Refuel and De-Fuel
- Engineering and Engineering Support

AVIATION SERVICES

AIRCRAFT RESET/RECAP/MODIFICATION/MRO

At ProSource we have extensive aviation maintenance capabilities at our facilities in Baghdad, Iraq with relationships that extend our capabilities to Southeast Asia, Southeastern and Western United States.

- Certified A&P Mechanics with FAR PART 145 experience
- U.S. Army AR 95-10 Compliant Aviation Maintenance
- AS9110 Compliant Quality Management Systems (QMS)
- Special Operations Aviation Experience – Crews, Equipment, Training, ODA
- Aircraft Logistics and Modernization Subject Matter Experts

SYSTEMS INTEGRATION

We provide high quality aircraft systems integration services to include:

- Non-Recurring Engineering
- Aircraft Systems Testing and Modification
- Test Equipment Calibration
- Non-Destructive Testing (NDT)
- Weapons System Testing
- Human Factors/Ergonomics Testing

AIRCRAFT LIFECYCLE MANAGEMENT

What kind of aircraft do you need? Where do you need them?

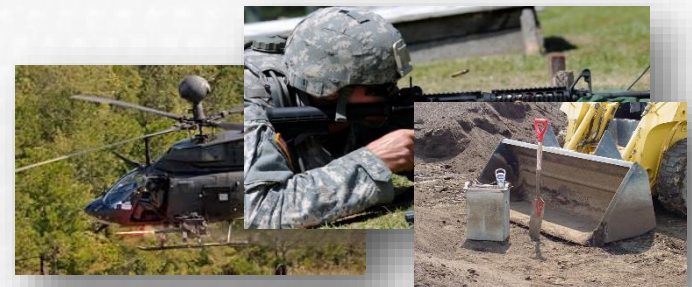

- Synthetic Flight Training Scripting/Mission Preparation/Rehearsal
- Lean Supply Chain Creation, Development, and Maintenance
- Technical Manual Translation and Updating
- Aviation Workflow System Integration
- Condition Based Maintenance
- Parts Sales and Kitting

RANGE and OPERATIONS MAINTENANCE SERVICES

Aerial Gunnery Range and Tactical Range Support

ProSource supports range operations at the Ft. Rucker Aviation Gunnery Range (AGR). As a key subcontractor, ProSource schedules, coordinates and supports training exercises by performing organizational, direct support/general support (DS/GS), preventive maintenance, and repair on range materials, computer-controlled hardwired and wireless target devices, and moving targets; operating moving and stationary targets; and inspecting, maintaining, and repairing the range and training complex and related property. We also assist with logistics functions and are responsible for range maintenance at AGR. In addition, we conduct preventative maintenance checks and services (PMCS) on vehicles associated with this contract, to include trucks, tractors, a forklift and various grounds keeping/road repair heavy equipment. Our personnel also provide Range Control Center/Firing Desk Operations, which entails assigning, scheduling, issuing, controlling, inspecting and clearing all ranges and training areas. We have EOD support involving surface and subsurface range clearance functions. We also address Grounds Maintenance, addressing issues such as range sustainment, erosion control, vegetation control, mowing, maintenance and repairs to maintain improved surface roads (gravel and earth surfaced), berms and lines of sight (LOS) positions.

TURNKEY AVIATION LOGISTICS and TRAINING

TOTAL LOGISTICS and TRAINING SUPPORT

ProSource provides turnkey Total Logistics Support through a combination of internal personnel support, aircraft fleet mobilization support, customized supply chain development, and Aircraft on Ground (AOG) Rapid Response Teams. Our extensive experience enables our customers to benefit from technology and service solutions often developed and typically reserved for much larger aviation maintenance repair and overhaul facilities. Our ability to service multiple aircraft types across a wide variety of airframes and geographic locations makes it easy for our team to plan and grow with your needs.

We operate in an extremely “lean” fashion, and our quality is second to none. Our team works tirelessly to ensure the aircraft and its components are properly packed to meet safety and transportation standards. Our Supply Operations personnel are former U.S. military logisticians who understand the need for packing for safety and shipping for speed.

Team ProSource accesses a Global Support Network (GSN) that was built to support our customer’s needs worldwide. Accessing the GSN provides us international maintenance and supply partners with single-point accountability and real-time responsiveness to your needs.

HOW WE FOCUS OUR BD STRATEGY

Key elements of the strategic plan we have been using :

- Base Realignment and Closure (BRAC) focus
- Sustaining and maintaining existing contracts
- Pursuing Large IDIQs within the Facilities O&M, Environmental, Base Operations, Engineering, and Logistics Community
- Marketing to DHS, DoJ, NASA, DoS, DoT, USMC, USAF, USN, ARNG, USAR, FMS, Foreign Commercial Sales. Foreign Military Sales, Commercial Oil & Gas and Construction Firms
- Information technology development
- Aviation MRO and Program Development/Training
- DPW Activity
- DOL Activity
- BOS Contracts
- Facilities Technical Services and Operations

PROSOURCE's PRIMARY CUSTOMERS

Combined Security Transition Command Afghanistan (CTSC- A)

Engineering and Base Operations Support, Architects, Structural Engineering, Civil Engineering, Mechanical Engineering, Plumbing, Carpentry, and HVAC, Aircraft Maintenance, Aircraft Fuels, Aerospace Engineering Support, Electricians

Red River Army Depot Dept. of Public Works

HVAC, Electricians, Boiler Tenders, Millwrights

63rd RSC Barstow and Yermo, CA Heavy Equipment Maint., Wheeled Vehicle Maint., Supply Systems, Production Control, Quality Assurance, Fuels, Track Vehicle Maint.

Tyndall AFB

- Construction Inspector

Fort Huachuca Directorate of Logistics

- Quality Management/Inspections
- Safety Inspections

Fort Rucker, AL DPTMS

- Range Operations & Maintenance, Range Control, Ammo Sppt

United States Army Reserve Command

- PBUSE Operations – Asset Management

Dependable. Creative. Innovative.
